

# Rostrevor Group | Capability Statement

Australia's Leading Mobile Crushing & Screening Contractor

# About Rostrevor Group

## Who We Are

Rostrevor Group is one of Australia's leading mobile crushing and screening contractors, delivering large-scale continuous production and campaign crushing programs across Australia. With modern fleet, experienced crews, and structured maintenance systems, we deliver proven performance across mineral and aggregate crushing applications. Annual output exceeds 2,500,000 tonnes with robust safety, quality, and environmental management systems aligned with WHS and EPA requirements.

## Our Vision

To be the crushing contractor of choice

## Our Values

Safety First – Zero harm with comprehensive risk management.  
Reliability – Consistent performance and dependable execution.  
Partnership – Long-term relationships built on trust.  
Excellence – Continuously improving and exceeding expectations.  
Integrity – Honesty and transparency.  
No Bullshit – Straight talk, no excuses.  
Initiative – Proactive problem-solving.  
Accountability – Taking ownership of results.

# Our Capabilities

Tailored crushing and screening solutions with flexible configurations and proven capacity across diverse applications.

## Mobile Crushing

Single to multi-stage circuits tailored to your requirements

## Screening & Scalping

Precision classification with multi-deck configurations

## DSO Iron Ore

Specialized lump and fines crushing with proven track record

## Construction Aggregates

Limestone, basalt, concrete, road base, recycled materials

## Campaign & Continuous

Flexible production with quick mobilisation and site integration

# Project Experience

Proven performance across Australia's leading quarry, construction, and mining operators

1

## Long-Term Partnership | 7+ Years

**Scope:** Recycled products, high-volume output, integrated operations.

**Outcome:** 7+ years of reliable production continuity and operational excellence.

2

## Continuous Supply Operations

**Scope:** Continuous crushing supply, specification compliance.

**Outcome:** Rapid mobilisation and seamless client integration across multiple sites.

3

## Campaign Crushing | Multi-State

**Scope:** DSO iron ore, construction aggregates.

**Outcome:** Dependable campaign crushing across diverse materials and timelines.

# Why Choose Rostrevor Group

- **Modern Fleet**

High-capacity plant, continuously upgraded for operational efficiency.

- **Expert People**

Highest-skilled crushing personnel committed to excellence and safety.

- **Proven Capacity**

200,000+ tonnes/month with flexible scaling to match project requirements.

- **Safety Excellence**

Zero LTI target with comprehensive WHS and EPA compliance.

- **Operational Flexibility**

Agile mobilisation with minimal lead times and seamless integration.

- **Long-Term Partnerships**

Built on reliability, transparency, and genuine focus on client outcomes.

- **Mining Partnership Opportunities**

We actively partner with mining operations of all scales, providing flexible crushing solutions for all ore types – from major operations to emerging projects seeking reliable processing partners.

# Operations in Action

Rapid mobilisation, consistent delivery, and proven operational excellence.

## Mobile Crushing Operations

High-capacity circuits with sustained production rates and consistent quality.

## Site Integration

Seamless deployment and rapid integration, minimizing lead times.

## Quality Assurance

Rigorous specification compliance and quality control across all stages.

# Ready to Partner with Rostrevor Group

Rostrevor Group brings proven expertise, modern equipment, and a steadfast commitment to safety and reliability. From continuous production support to campaign-based crushing services, we deliver measurable results with confidence.

## 2.5M+ Tonnes

Annual production capacity across our operations.

## 7+ Years

Long-term partnerships with Australia's leading operators.

## Zero Harm

Our unwavering commitment to safe operations and zero-incident culture.

Let's discuss your next project.
